

Frequently Asked Questions (FAQs)

- Global Banking (including Global Markets)

GENERAL

1. What is local incorporation and when will it take place?

Local incorporation involves the transfer of the Community Financial Services business from Malayan Banking Berhad, Singapore Branch (the “**Branch**”) to Maybank Singapore Limited (the “**Subsidiary**”) via a scheme of transfer under the Banking Act (the “**Proposed Transfer**”), namely the following businesses:

- Retail (personal banking, privilege wealth, premier wealth), Private Wealth
- SME - Retail, Small Medium Enterprises (RSME) Banking
- Commercial Banking (CMG)

The Subsidiary, which is an indirect wholly-owned subsidiary of Malayan Banking Berhad, has applied to the Monetary Authority of Singapore (“**MAS**”) for a full banking licence under the Banking Act with Qualifying Full Bank privileges. The Branch will continue to operate its Global Banking business (including Global Markets) in Singapore.

Subject to the necessary regulatory approvals, the Proposed Transfer will take effect from 5 November 2018 or such other date as we may notify you (the “**Effective Date**”).

2. Why did Maybank decide to undergo local incorporation in Singapore?

We were named by MAS as one of seven Domestic Systemically Important Banks (D-SIBs) in Singapore. As part of the regulatory requirements, foreign banks with a significant presence in Singapore are required to locally incorporate their retail operations.

Established in Singapore since 1960, Maybank’s local incorporation signifies a further deepening of our commitment to the local community. In addition, we view Singapore as a key market and the local incorporation is an important part of our strategy to continue growing our international business to serve valued customers like you.

3. How will this impact my existing accounts / relationship with the Branch?

The Branch will continue to operate its Global Banking business (including Global Markets) after the Proposed Transfer, except for Corporate Hire Purchase Accounts, Corporate Credit Cards, Factoring, Account Receivables Financing and Receivables Purchase.

All products and services under the Global Banking business (including loans/financing, deposits, Global Markets) will continue to be offered by the Branch.

The same Relationship / Account Manager will continue to service you on matters regarding your account.
